PROFESSIONAL SUMMARY

Data Analyst with 6+ years of enterprise B2B sales experience at Classplus (EdTech), now applying hands-on skills in SQL, Python, Power BI, and Excel to build end-to-end analytics pipelines from complex, unstructured data to KPI-driven dashboards. Delivered dashboards used to review decisions across 34,000+ records and automated summary reporting to cut manual effort — targeting Junior/Entry-Level Data Analyst roles.

DATA ANALYTICS PROJECTS

B2B EdTech Lead Analytics | Excel · Python · PostgreSQL · Power BI [GitHub ↗](#)

- End-to-end analysis of lead generation, engagement, acquisition channels, and conversion performance; cleaned and transformed data in Python (Pandas, NumPy) and queried business patterns in PostgreSQL.
- Built a 5-page Power BI dashboard (Executive Overview, Marketing Performance, Lead Engagement, Customer & Acquisition Analysis, Action Plan) surfacing higher conversion among high-relevance leads and Google as the top-performing marketing source.
- Translated findings into recommendations on marketing spend allocation, lead qualification, and regional campaign targeting.

E-Commerce Sales Analytics | Excel · Python · PostgreSQL · Power BI [GitHub ↗](#)

- Analyzed 100K+ Brazilian e-commerce orders end-to-end: cleaned raw data in Excel, ran EDA in Python (Pandas, Matplotlib), and wrote 35 SQL queries (joins, subqueries, CASE, window functions, running totals) in PostgreSQL.
- Built a 5-page Power BI dashboard (Executive Dashboard, Sales Performance, Product Analysis, Customer Analysis, Business Summary) surfacing revenue trends, top product categories, and delivery performance by region.

Bank Employee Attrition Analysis | Python · SQL · Power BI [GitHub ↗](#)

- Cleaned and analyzed a 14,999-row HR dataset in Python (Pandas, NumPy); used SQL (aggregations, CASE, window functions) to quantify attrition drivers.
- Built an interactive Power BI dashboard identifying elevated attrition among employees aged 36–45 and in Operations/Analyst roles, and recommended interventions around workload balance and engagement.

PROFESSIONAL EXPERIENCE

Data Analyst Intern — CloudyML

May 2026 – Present · 3 mos · Remote

- Conducted end-to-end analysis on large datasets (19K+ driver attrition records, 10K+ bank employee records); delivered Power BI dashboards presented to a cohort of 30+ analysts.
- Wrote SQL queries and Python EDA scripts to clean, segment, and extract KPIs, automating summary tables to cut manual reporting effort.

Data Visualization Associate — Team Lead, Excelebrate

Apr 2026 · 1 mo · Dubai, UAE (Remote)

- Built dashboards tracking compliance KPIs across 34,000+ international student records using SQL (PostgreSQL); flagged 3 anomaly clusters for review.
- Led a 5-member intern team — allocated tasks, reviewed query outputs, and presented results to programme stakeholders.

Enterprise Team Lead — Classplus

Jan 2023 – Mar 2026 · Delhi

- Led an 8-person enterprise sales team across high-value EdTech accounts, ranking top 3 nationally out of 15+ teams; received Best Performer Award.
- Standardised sales workflow and objection-handling playbooks, compressing deal-closure cycle by ~20%.

Growth Manager → Presales Executive — Classplus

Oct 2019 – Dec 2022 · Delhi

- Onboarded 50+ educators and led a high-performing sales team; used cohort-level sales data to identify pipeline gaps and improve quarter-over-quarter conversion.

TECHNICAL SKILLS

Languages: SQL (Joins, CTEs, Window Functions, Subqueries) · Python (Pandas, NumPy, Matplotlib)

BI & Visualization: Power BI (DAX, Data Modelling, Star Schema, RLS) · Tableau · Looker Studio

Spreadsheets: Excel (Pivot Tables, Power Query, XLOOKUP, Dynamic Dashboards)

Concepts: EDA · KPI Reporting · Data Modelling · Trend Analysis · Business Storytelling

CERTIFICATIONS

Google Data Analytics — Google · Data Analysis & Power BI — Microsoft Learn · Data Analytics Job Simulation — Deloitte (Forage) · Data Analytics Live Program — CloudyML

EDUCATION

B.A. — Philosophy & Political Science, Zakir Husain Delhi College, University of Delhi

2016 – 2019
